

IHLE tires GmbH, a company of the Michelin Group, is a successful international wholesaler with branches in numerous European countries. Modern structures, a wide product range, excellent logistical performance and fresh marketing concepts – this is what makes IHLE successful.

Contribute to the future in a successful, dynamic team as

Controller (m/f/d)

Your Diverse Area of Responsibility Includes:

- Preparation and distribution of accurate daily, weekly, and monthly reports & analysis
- Active participation in the monthly financial closing process in close collaboration with the accounting department and the CFO
- Conduct research and analysis of results with operational departments to identify and understand business challenges and to propose and to implement solutions
- Involvement in the planning cycle, including quarterly & multi-year forecasting, coordinating data collection with departments, analyzing projections, & preparing planned financial statements for management and Michelin headquarters
- Collaboration, in an international environment, on a variety of Ad-hoc analysis requirements and financial decision support to senior management
- Identify opportunities to improve efficiency of business processes, streamline collection, use, and presentation of data
- Preparation of presentations of monthly financial results in collaboration with senior management
- Support digitalization initiatives by developing innovative solutions in Finance

Our Employment Offer:

- Exciting and challenging work in the dynamic environment of a medium-sized company with subsidiaries in 8 countries
- Corporate benefits like access to the Corporate Benefit Portal of the Michelin Group and employee shareholding programs
- Employee discounts on tire purchases
- Challenging tasks with a great deal of creative freedom in a collegial atmosphere and in an international environment
- The opportunity to develop within the Michelin Group

Expected Qualifications and Skills:

- A bachelor's degree in economics with a focus on finance / accounting / controlling or comparable training
- Prior experience in the Finance area
- Very good MS Office skills (especially Excel)
- Prior experience with SAP CO and SAP BW is desired
- Very good analytical and critical thinking skills
- Independent and structured way of working
- Ability to meet timelines
- Hands-on mentality
- Ability to communicate in a German and English environment
